

R.S.T. OFFICIAL

Private Premium 1-to-1 Communication Platform

Copyright Notice

© 2026 All Rights Reserved.

The concept, architecture, design specifications, feature definitions, user experience concepts, branding elements, documentation, source code, visual assets, database structures, communication workflows, and all related intellectual property associated with this project are the exclusive property of the project owner.

Unauthorized copying, reproduction, modification, distribution, resale, reverse engineering, or commercial use of any part of this project without prior written permission from the owner is prohibited.

Intellectual Property Ownership

The following elements are considered protected intellectual property under applicable copyright and intellectual property laws:

Product Concept

- Private invitation-based communication platform
- Two-user exclusive room architecture
- Permanent device-based identity system
- Media auto-expiration system
- Premium privacy-focused communication model

Software Assets

- Source Code
- Backend Logic
- Frontend Design
- API Structures
- Database Design
- Security Architecture

Creative Assets

- Brand Name
- Logo
- Visual Identity
- User Interface Design
- User Experience Design
- Marketing Materials
- Product Documentation

Proprietary Features

- Unique room management system
 - Invitation-based access mechanism
 - Media retention and deletion framework
 - Privacy-focused communication workflow
 - Download permission management system
-

Third-Party Components

The project may utilize open-source technologies, libraries, frameworks, or software tools.

Examples may include:

- Node.js
- Express.js
- MongoDB
- WebRTC
- Socket.IO

Ownership of such third-party components remains with their respective copyright holders and is governed by their individual licenses.

This copyright statement applies only to the original work, custom code, designs, documentation, and proprietary implementations created for this project.

User Content Ownership

Users retain ownership of all content they create, upload, transmit, or share through the platform, including:

- Text Messages
- Images
- Videos
- Audio Files
- Profile Pictures

The platform does not claim ownership of user-generated content.

Users grant the platform a temporary and limited right to process, store, transmit, and display such content solely for the purpose of providing platform functionality.

Confidentiality

All unpublished technical specifications, business strategies, development plans, source code, and internal documentation associated with this project shall be treated as confidential information.

Disclosure to third parties without authorization is prohibited.

Limitation of Rights

No individual, organization, developer, contractor, or third party acquires ownership rights to any part of this project solely through access, review, testing, or development participation unless explicitly granted through a written agreement.

Reservation of Rights

All rights not expressly granted herein are reserved by the project owner.

The owner reserves the right to modify, license, distribute, commercialize, discontinue, or transfer the project and its intellectual property at their sole discretion.

Effective Date

Effective Date: 03 June 2026

Version: 1.0

Status: Draft Intellectual Property and Copyright Protection Statement
